All: At long last, I believe I have managed to confirm dates for our next (and final) sit-down meeting on the Wallace Yard CD: Thursday-Friday, **May 28-29**. Contrary to my last suggestion, I would like to propose meeting in **Coeur d'Alene** for maximum availability of Ed and Nick to participate in discussions of the draft SOW, Response Action Work Plan, and RAD drawings.

Tentative suggested agenda:

Thursday:

- Early: People fly in
- AM: Governments pre-meeting
- PM: Group meeting focused on CD and SOW
- Evening: continued discussions as needed

Friday:

- Early: Java
- AM/PM: Follow-up from previous day / Group discussion focused on RAWP and RADs
- Mid-afternoon: depart

Unless I hear otherwise in the next couple of days, I will assume this schedule and location can work for everyone.

Nick: Please let me know if you can book a conference room at DEQ for this meeting.

Thanks.
